

Learning Preview Year 1

Spring Term 2

MATHS WEEK

What is Maths Week?

- Maths Week is an exciting week in school where we are 'off timetable' and learn lots of new things. After half-term we will be doing lots of learning about money, shops and businesses, as well as carrying out WOW experiments with coins and different liquids.

Key Skills:

This Maths Week is all about **exploring** and **investigating** money. Through exciting hands-on experiences the children will find out about what makes a business. They will be thinking about a product to design and make... all within their budget of course. The children will be recognising coins, finding totals and discovering different ways to make the same total.

Websites to visit

- MyMaths
- BBC bitesize website
- Topmarks Maths KS1
- Woodland Junior School

Vocabulary

- borrow - use something and give it back
- budget- an amount you can spend
- investigate- find the answer to a question
- value- what something is worth

Take note...

- Remember to **collect your 1p and 2p coins**.
- Please bring in any recycling that we can use for junk modelling.

When you are out shopping with your child, let them help pay for items and experience receiving change. You could point out the prices of items and see what numbers they can recognise.

Come and find out about our business plans on Wednesday 24th February 2:45pm.

If you would like more information on our learning in Maths Week please see our 'Curriculum Maps' on our website under the link 'Our School.'
