

## Learning Preview Year 2

### Spring Term 2

### To Market, To Market!

Our Themed Learning: This term we will be learning about St Albans and famous markets around the world. Our learning will begin with an exciting Maths Week where we will be creating a business idea, finding out more by doing market research, creating and selling and lastly evaluating the process. Later on in the theme we will be finding out more about Saint Alban himself, and afterwards learning about one of the largest markets in the world - Cairo Camel Market, as well as French markets and Fair Trade.

#### Learning in the Core Subjects

- In English we will be learning to create riddles, focusing on the use of conjunctions (and, but, however), adverbs (slowly, roughly). We will then be revisiting and building our understanding of non-fiction texts by creating posters.
- After Maths Week we will be learning all about data handling by creating bar charts and tallies as well as interpreting data. We will be learning about dividing with remainders, become familiar with symbols greater than  $>$  and less than  $<$  as well as deepening our learning of time and shape.
- In Science we will be carrying out lots of experiments, focusing on explaining, recording data and predicting.
- Our Computing will be linked with our Maths and we will be using programmes on Purple Mash to create tallies and charts. On the iPads we will be using Popplet Lite (a free app) to create branching data bases.

#### Have you read or tried?

- Poetry books - with a particular focus on riddles.
- Maths Blaster (App for tablets)
- Popplet Lite (App for tablets)

#### Vocabulary

- Adverbs - describe a verb, **carefully** skipped.
- Data - information
- Predicting - making a sensible guess.
- Business - an organisation where goods or services are exchanged for money.
- Market - a place where people gather to buy and exchange goods.

#### Key questions...

- How is a market different to a shop?
- Who is Saint Alban?
- Why do we have markets?
- What is a business?
- Why do we investigate?
- Why might we need to collect data?

If you would like more information on our learning this half term please see our 'Curriculum Maps' on our website under the link 'Our School.'
