

Learning Preview Clarence Class

Summer Term 2

Arts Week - The Olympics!

Dates: 6th - 10th June

How our learning will link to Clarence class children's lives, interests and experiences

- The Olympic Games are starting soon in Rio de Janeiro! The children were excited to see the Olympic torch relay and all the countries from around the world that are going to compete. We will be learning about Brazil and the children have asked to learn about China as we have some Chinese experts in our class.

How our learning will link to the wider world

As the week continues we will focus on China and the artwork that is produced there. We will be learning about the Chinese flag, making our own talismans and pottery designs. We will also have a look around each classroom to find out which country they have been learning about.

Art Outside

Find some natural materials outside. Can you make a pattern with them? Is it repeating? Is it symmetrical?

Understanding the World

Think about a country taking part in the Olympics. *What flag do they have? What colours do they wear? What language do they speak?*

ART GALLERY

Come and see what we have been learning in our art gallery Friday just before pick up time at 2.45pm

Ideas

Challenge: What is the name of the fastest 100 metre runner in the Olympics? How fast does he run? What country is he from?

Make your own Olympic course outside - Throw a javelin, run along a track or find out how many times you can cycle around a track.

We have been learning about Brazilian carnivals. Can you make a celebration song using instruments at home?

Learning Preview Heartwood Class

Summer Term 2

Arts Week

Dates: 6th - 10th June

How our learning will link to Clarence class children's lives, interests and experiences

- The Olympic Games are starting soon in Rio de Janeiro! The children were excited to see the Olympic torch relay and all the countries from around the world that are going to compete. We will be learning about Brazil and the children have asked to learn about Australia as we have some Australian experts in our class.

How our learning will link to the wider world

As the week continues we will focus on Australia and the artwork that is produced there. We will be learning about the Australian flag, making our own aboriginal art and pottery designs. We will also have a look around each classroom to find out which country they have been learning about.

Learning Preview Verulam Class

Summer Term 2 2016

Arts Week

Dates - WB 6th June 2016

Mr Wilson

Supported by Mrs Randall

How our learning will link to Verulam class children's lives, interests and experiences

- The Olympic Games are starting soon in Rio de Janeiro! The children were excited to watch a Brazilian Carnival and have begun to create art inspired by the Olympic rings and Carnival masks
- The week will be focused on the Olympic Games. Each class will look closely at a country and focus on the Arts created there. We will also be looking at the different continents of the World and will produce our own artwork inspired by these. The week will culminate with a grand exhibition highlighting our learning.

How our learning will link to the wider world

- Our class focus will be Pakistan; we will be learning to create symmetrical patterns inspired by Islamic tiles and Mendhi patterns which relate to creating doubles in Maths
- We will be looking at Pakistani 'Truck Art' and using its motifs and bold colours to inspire our own artwork
- We will watch a dance from Pakistan and learn to move in time to a beat as we use a few simple moves to create our own dance
