

# Learning Preview Year 2

## Summer Term 2

### The Big Wide World

#### Our Themed Learning:

The Big Wide World theme is a super climax to our Year 2 learning. We will look closely at global issues, asking questions and researching information about over-fishing, mass migration, the effect of extreme weathers and changing places. The children will be encouraged to work in teams, form opinions and debate.

#### Learning in the Core Subjects

- In English we will broaden our understanding of writing instructions. This learning will be based on the book 'The Rascally Cake' by Jeanne Willis and Korky Paul. We will revisit recounts in the form of newspaper reports.
- In Maths we will be learning to explain mathematical concepts by investigating and problem solving. We will be broadening our understanding of weight and measuring. We will continue to practise our mental maths, times tables, number bonds, doubles and halves, and also deepening our understanding of fractions.
- In Science we will be focusing on Health and Growth, looking at balanced diets, food groups and the effect of exercise on our bodies as well as keeping clean.
- In computing we will learn how to program, locate bugs and test our algorithms.

#### Have you read or tried?

- 'The Rascally Cake' by Jeanne Willis and Korky Paul
- 'The Terrible Greedy Fossilfoo' by Charles Fuge

#### Vocabulary

- Extreme weather - dangerous, wild, weather that can impact on people's lives.
- Over-fishing- the amount of fish in the sea go down because people are fishing too much and too often.
- Mass migration - a large group of people move from one place to another for work or safety.
- Environment - the space around us.

#### Key questions...

- How many weathers can you name? How many of these are extreme weathers?
- Why is it important to look after our environment?
- Why do people migrate?
- What impact do human actions have on animals?
