This week we talked about Blue

Monday in assembly with Year 1 and Year 2. We talked about what feeling blue means and the children came up with: sad, gloomy, glum, negative, and down. When we see someone looking blue we talked about asking them if they want to play, telling some jokes or asking if they want to talk about it.

DSPL (Delivering Service Provision Locally) is a Hertfordshire-wide partnership approach where parents, carers, staff in early years and school settings and other agencies work together as part of an Area Group, to ensure that there is a range of provision and support services available in their local community for children and young people with SEND and their families. The Parenting Support Spring Programme has now been released and can be found here:

If your child has a positive PCR they can return to school before the 10 day isolation period is finished if they have two consecutive negative Lateral Flow Tests from day 5. They must be 24 hours apart. This only applies to children aged 5 years and over. (Children under 5 years are still required to isolate for 10 days before returning to school).

We request that if someone in your household receives a positive PCR then any children (aged 5 and over) take a lateral flow test for 7 consecutive days before they arrive at school in the morning.

Any children (under 5) we request have a single PCR test before coming to school.
