## 1. INTRODUCTION

Safeguarding is defined as: *protecting children from maltreatment, preventing impairment of children's health or development, ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes.* (**Working Together to Safeguard Children**, (DfE, 2018), p6)

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of adults working and volunteering at school. All staff should be aware of mechanisms/policies/procedures within school (see below) which support safeguarding, these are explained to them as part of staff induction and refreshed as appropriate.

- Child protection policy, which includes: the role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies) the procedures to deal with child on child abuse and a response to children who go missing from education
- Behaviour policy
- Code of conduct, including how to report low level concerns about adults;
- Whistleblowing policy
- A culture which enables and promotes the importance of staff building trusted relationships with children and families which facilitates excellent communication
- copy of Part One Keeping Children Safe in Education (2022) and should be signed to say it has been read and understood.
- Annex A, condensed version of Part one of KCSiE (DfE 2022). This can be provided (instead of Part one) to those staff who do not directly work with children.

### **Purpose of a Child Protection Policy**

To inform staff, parents, contracted workers, volunteers and governors about the school's responsibilities for safeguarding children.  
To enable everyone to have a clear understanding of how these responsibilities should be carried out.

### **Hertfordshire Safeguarding Children Partnership Procedures**

The school follows the procedures established by the Hertfordshire Safeguarding Children Partnership (HSCP); a guide to procedures and practice for all agencies in Hertfordshire working with children and their families.  
<https://hertsscb.proceduresonline.com/index.htm>

### **School Staff & Volunteers**

All school staff, including supply staff, volunteers and contract workers have a responsibility to provide a safe environment in which children can learn.

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff receive appropriate safeguarding children training, including online safety (which is updated regularly – Hertfordshire Safeguarding Children Partnership advises every three years), so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition, all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Supply staff, contract workers and volunteers will be made aware of the safeguarding policies and procedures by one of the DSLs, including The Child Protection Policy and code of conduct.

## **Mission Statement**

At Bernards Heath we establish and maintain an ethos and culture where children feel secure, are encouraged to talk. Adults are reminded regularly that their role is to recognise and respond, this means being aware of the 4 categories of abuse, listening to children and knowing how to report concerns and who to.

We have established and maintain an ethos and culture where school staff and volunteers feel safe, are encouraged to talk, and are listened and responded to when they have concerns about the safety and well-being of a child.

We ensure children know that there are adults in the school whom they can approach if they are worried. This consists of a piece of learning about a helping hand – children are encouraged to name five adults they could talk to if they were worried or upset. This is regularly referred to and shared with adults at home.

We ensure that children, who have additional/unmet needs are supported appropriately. This could include referrals to Early Help Services or Child Protection Contacts to specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Children are taught about safeguarding, including online safety, through teaching and learning opportunities, as part of providing a broad and balanced curriculum.

Adults working with children are advised to maintain an attitude of 'it could happen here' and 'it could be happening to this child', where safeguarding is concerned. When concerned about the welfare of a child, staff members always act in the interests of the child.

**Implementation, Monitoring  
and Review of the Child  
Protection Policy**

The policy will be reviewed at least annually by the governing body. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the DSL and through staff performance measures.

## 2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

- The Children Act 1989
- The Children Act 2004
- Children and Social Work Act 2017
- Education Act 2002 (Section 175/157)  
*Outlines that Local Authorities and School Governing Bodies have a responsibility to “ensure that their functions relating to the conduct of school are exercised with a view to safeguarding and promoting the welfare of children who are its pupils”.*
- Hertfordshire Safeguarding Children Partnership Procedures Manual (Electronic)
- Keeping Children Safe in Education (DfE, September 2022)
- Working Together to Safeguard Children (DfE 2018)
- The Education (Pupil Information) (England) Regulations 2005
- Sexual Offences Act (2003)
- Section 26, The Counter Terrorism and Security Act 2015 (PREVENT duty)
- Female Genital Mutilation Act 2003 (Section 74, Serious Crime Act 2015)
- Anti-social Behaviour, Crime and Policing Act 2014 (makes it a criminal offence to force someone to marry. Includes taking someone overseas to force them to marry (whether or not the forced marriage takes place).
- Serious Violence Strategy 2018
- Sexual violence and sexual harassment between children in schools and colleges (DfE 2017)
- The Equality Act 2010 (Including Public Sector Equality Duty)
- The Human Rights Act 1998

### 3. THE DESIGNATED SAFEGUARDING LEAD

The governing body has appointed appropriate **senior members of the team** to the role of DSL/DDSL.

During term time the DSL and or a Deputy will always be available (during school hours) for staff in the school to discuss any safeguarding concerns. Arrangements for out of hours/out of term activities will be discussed with staff leading these sessions so they are clear about how to contact a DSL to discuss concerns.

The DSLs for Child Protection in this school are:

NAME: **Hannah Rimmer (Head Teacher) Lottie Woolfson (Deputy Head Teacher)**

The Deputy DSLs for Child Protection in this school are:

NAME: **Isabel Parfitt (Assistant Head Teacher) and Antonia Onyeze (PPG/CLA Lead and Class Teacher)**

**The broad areas of responsibility for the DSLs are:**

- Managing child protection contact referrals and cases
- Contacting the child protection consultation hub when advice is needed regarding child protection concerns which possibly meet the threshold for statutory intervention
- Completing child protection contact referrals for all cases of suspected abuse or neglect where there is a risk of significant harm to the child/young person, Police where a crime may have been committed and to the Channel programme where there is a radicalisation concern
- Liaise with the Head Teacher (if the HT is not leading on a case) to inform them of issues, especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations
- Act as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a child protection contact referral by liaising with relevant agencies
- Support staff who make child protection contact referrals and other service referrals
- Share information with appropriate staff in relation to a child's looked after (CLA) legal status (whether they are looked after under voluntary arrangements with consent of parents or on an Interim Care Order or Care Order) and contact arrangements with birth parents or those with parental responsibility.

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

- Ensure they have details of the CLA's social worker and the name of the virtual school Head Teacher in the authority that looks after the child or those currently working with a social worker.

### **Training KCSiE (DfE, 2022)**

The DSL should undergo formal training every two years. The DSL should also undertake Prevent awareness training every 3 years. In addition to this training, their knowledge and skills should be refreshed (for example via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments) at least annually.

The designated safeguarding leads at Bernards Heath have all received Prevent awareness training. Training provides designated safeguarding leads with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly children's social care.

DSL training should result in a team who:

- 1) Understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- 2) Have a working knowledge of how Hertfordshire conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- 3) Understand the importance of the role the designated safeguarding lead has in providing information and support to children social care in order to safeguard and promote the welfare of children
- 4) Understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- 5) Are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- 6) Understand the importance of information sharing, both within the school and college, and with the safeguarding partners, other agencies, organisations and practitioners (Full details in Chapter one of **Working Together to Safeguard Children**)
- 7) Understand and support the school or college with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

8) Are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or college

9) Can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online

10) Obtain access to resources and attend any relevant or refresher training courses and encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

### **Raising Awareness: The DSL (DDSL) should:**

- Ensure all staff including those who are new, work part time, contractors, volunteers and supply staff are aware of the school's policies, that these are understood and used appropriately
- Work with the governing body to ensure that the school's child protection policy is reviewed annually, and the procedures are updated and reviewed regularly
- Ensure the child protection policy is available publically (on the school website) and that parents are aware that advice regarding early help and child protection concerns could be sought from the Consultation Hub and that referrals about suspected abuse or neglect may be made. Ensure parents are aware of the school's statutory role in safeguarding children
- Link with Hertfordshire Safeguarding Children's Partnership (HSCP) to make sure staff are aware of training opportunities and the latest local policies on safeguarding
- Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school leadership staff. The DSL/DDSL should have details of the child's social worker and the name of the virtual school's head in the authority that looks after the child.
- Ensure that when children leave the school, the file for safeguarding and any child protection information is sent to any new school as soon as possible but transferred securely and separately from the main pupil file. The file should not be sent until the child is physically attending the new school.
- Obtain proof that the new school has received the safeguarding file for any child transferring and then destroy any information held on the child unless the case is currently open and in line with data protection guidelines (see Record keeping Guidance on Hertfordshire Grid for Learning for further information)

- Consider if it would be appropriate to share any information with the new school in advance of a child leaving. For example, information that would allow the new school to continue supporting victims of abuse and have that support in place for when the child arrives.

## 4. THE MANAGEMENT OF SAFEGUARDING

The Governing body must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in their schools or colleges are always effective and comply with the law.

The responsibility of the governing body is to ensure there are appropriate policies and procedures in place in order for appropriate action to be taken in a timely manner to safeguard and promote children's welfare, for example:

-Child protection policy

-Code of Conduct for staff

-Part one, OR

Annex A of KCSiE 2022 (Annex A is a condensed version of Part one of Keeping Children Safe in Education. It can be provided instead of Part one to those staff who do not directly work with children (if the governing body think it will provide a better basis for those staff to promote the welfare and safeguard children.)

-Annex B KCSiE (DfE, 2022) on specific safeguarding issues

-Information regarding the role and identity of the designated safeguarding lead (and any deputies), **should be provided to all staff on induction**

- All governors should receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in school are effective and support the delivery of a robust whole school approach to safeguarding. Their training should be regularly updated.

The nominated governor for child protection is:

NAME: Penny Dent (Chair of Governors)

- Headteachers should ensure that the policies and procedures, adopted by their governing body (particularly those concerning referrals of cases of suspected abuse and neglect), are understood and followed by staff.
- The Governing Body should be aware of their obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty), and their local multi-agency safeguarding arrangements
- According to the Equality Act, schools and colleges **must** not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022

CSF0034

reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).

- The school contributes to multi-agency working in line with statutory guidance **Working Together to Safeguard Children (DfE, 2018)**.
- New safeguarding partners and child death review partner arrangements are put in place as appropriate
- Local criteria for action and the local protocol for assessment are followed and the Head Teacher ensures these protocols are reflected in the school's own policies and procedures. The school is prepared to supply information as requested by their safeguarding partners
- The school works with social care, the police, health services and other services to promote the welfare of children and protect them from harm. This includes providing a coordinated offer of early help when additional needs of children are identified and contributing to inter-agency plans to provide additional support to children subject to child protection plans.
- Child protection files are transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt is obtained
- Staff undergo child protection training (including online safety) at induction. The training should be regularly updated. Induction and training should be in line with advice from the local three safeguarding partners (HSCP) and refreshed every 3 years (Level 1 for all staff).
- All staff receive regular safeguarding and child protection updates (for example, via email, staff meetings) as required, and at least annually
- Children are taught about safeguarding, including online safety as part of a broad and balanced curriculum.
- The Governing Body should prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, taking proportionate decisions on whether to ask for any checks beyond what is required and ensuring volunteers are appropriately supervised.
- Written recruitment and selection policies and procedures are in place and at least one of the persons who conducts an interview has completed safer recruitment training
- Procedures are in place (as described in part 4 of KCSiE) to manage concerns and allegations against staff including volunteers and supply staff
- Procedures are in place to make a referral to the Disclosure and Barring Service (DBS) if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned. (refer to *Type of*

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022

CSF0034

- All staff are clear about the school's policy and procedures with regard to child on child abuse.
- Where there is a safeguarding concern, the child's wishes and feelings are taken into account when determining what action to take and what services to provide. Systems are in place for children to express their views and give feedback. Ultimately, all systems and processes should operate with the best interests of the child at heart.
- All of the DSLs, including deputies, undergo formal child protection training every two years, in line with KCSiE and HSCP procedures, and receive regular, at least annual, safeguarding updates via e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments.
- The welfare of children and young people is a priority and there is a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- Appropriate filters and monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material. Additional information to support governing bodies and proprietors is provided in Part 2 of KCSiE (DfE 2022).
- The Public Sector Equality Duty (PSED) is found in the Equality Act. Compliance with the PSED is a legal requirement for state-funded schools
- The PSED places a general duty on schools to have, in the exercise of their functions, due regard to the need to eliminate unlawful discrimination, harassment and victimisation (and any other conduct prohibited under the Equality Act), to advance equality of opportunity and foster good relations between those who share a relevant protected characteristic and those who do not. The duty applies to all protected characteristics and means that whenever significant decisions are being made or policies developed, specific consideration must be given to the equality implications of these such as, for example, the need to eliminate unlawful behaviours that relate to them such as sexual violence and sexual harassment, misogyny/misandry and racism.

## 5. WHEN TO BE CONCERNED

All staff should be aware of indicators of abuse and neglect (see below), understanding that children can be at risk of harm inside and outside of the school, inside and outside of the home and online. Exercising professional curiosity and knowing what to look for is vital for the early identification of abuse and neglect so that staff are able to identify cases of children who may be in need of help or protection.

**Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology maybe used to facilitate offline abuse. Children maybe abused by an adult or adults or by another child or children.

<b>Physical abuse</b>	
A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.	
<b>Indicators in a child/ young person</b>	
Bruises – shape, grouping, site, repeat or multiple	Withdrawal from physical contact
Bite-marks – site and size Burns and Scalds – shape, definition, size, depth, scars	Aggression towards others, emotional and behaviour problems
Improbable, conflicting explanations for injuries or unexplained injuries	Frequently absent from school
Untreated injuries	Admission of punishment which appears excessive
Injuries on parts of body where accidental injury is unlikely	Fractures
Repeated or multiple injuries	Fabricated or induced illness

<b>Emotional abuse</b>
The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child’s emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child’s developmental capability as well as overprotection and limitation of exploration and learning or preventing

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

<b>Indicators in a child/ young person</b>	
Self-harm	Over-reaction to mistakes / Inappropriate emotional responses
Chronic running away	Abnormal or indiscriminate attachment
Drug/solvent abuse	Low self-esteem
Compulsive stealing	Extremes of passivity or aggression
Makes a disclosure	Social isolation – withdrawn, a 'loner' Frozen watchfulness particularly pre school
Developmental delay	Depression
Neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)	Desperate attention-seeking behaviour

### **Neglect**

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

<b>Indicators in a child/ young person</b>	
Failure to thrive - underweight, small stature	Low self-esteem
Dirty and unkempt condition	Inadequate social skills and poor socialisation
Inadequately clothed	Frequent lateness or non-attendance at school
Dry sparse hair	Abnormal voracious appetite at school or nursery
Untreated medical problems	Self-harming behaviour
Red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold	Constant tiredness
Swollen limbs with sores that are slow to heal, usually associated with cold injury	Disturbed peer relationships

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

## Sexual abuse

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as child on child abuse) in education and all staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

### Indicators in a child/ young person

Self-harm - eating disorders, self-mutilation and suicide attempts	Poor self-image, self-harm, self-hatred
Running away from home	Inappropriate sexualised conduct
Reluctant to undress for PE	Withdrawal, isolation or excessive worrying
Pregnancy	Sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
Inexplicable changes in behaviour, such as becoming aggressive or withdrawn	Poor attention / concentration (world of their own)
Pain, bleeding, bruising or itching in genital and /or anal area	Sudden changes in schoolwork habits, become truant
Sexually exploited or indiscriminate choice of sexual partners	

If staff have any concerns about a child's welfare, they should act on them immediately. If staff have a concern, they should follow this policy and speak to the DSL/DDSL. The DSL/DDSL are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to a safeguarding concern.

**Any staff member should be able to make a Child Protection Contact Referral to Children's Services if necessary.**

All staff should be aware of the process for making Child Protection Contact Referrals to Children's Services for statutory assessments under the Children Act 1989, especially section 17 (children in need) and section 47 (a child suffering, or likely to suffer, significant harm - from abuse or neglect) that may follow a Contact Referral, along with the role they might be expected to play in such assessments.

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision.

**Options will then include:**

- Managing any support for the child internally via the school's own pastoral support processes.
- Completing a Families First Assessment or making a request for early help support.
- A Child Protection Contact Referral for statutory services, for example as the child might be in need of services, or suffering / likely to suffer significant harm from abuse or neglect.

**Extra Familial Harm (formerly contextual Safeguarding)**

Safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between children outside the school or college. All staff, but especially the DSLs and their Deputies should be considering the context within which such incidents and/or behaviours occur. This is known as contextual safeguarding, which simply means assessments of children should consider whether wider environmental factors are present in a child's life that are a threat to their safety and/or welfare.

**A child centred and coordinated approach to safeguarding**

Safeguarding and promoting the welfare of children is **everyone's responsibility**. In order to fulfil this responsibility effectively, each professional should make sure their approach is **child centred**. This means that they should consider, at all times, what is in the best interests of the child.

Schools and their staff form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

**Children who may require early help (known as Families First in Hertfordshire)**

Families First is Hertfordshire's strategy for early help for families. A directory of early help services is available at [www.hertfordshire.gov.uk/familiesfirst](http://www.hertfordshire.gov.uk/familiesfirst) which will help practitioners and families find information and support to prevent escalation of needs and crisis.

All staff should be aware of the **early help process**, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the DSL any ongoing/escalation of concerns so that consideration can be given to a Child Protection Contact Referral to Children's Services if the child's situation doesn't appear to be improving.

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

If early help is appropriate, the DSL or a Deputy will generally lead on liaising with other agencies and setting up a Families First Assessment as appropriate.

**Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:**

- has special educational needs (whether or not they have a statutory Education, Health and Care Plan);
- has a mental health need;
- is a young carer;
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines;
- is frequently missing/goes missing from care or from home;
- is at risk of modern slavery, trafficking, sexual or criminal exploitation;
- is at risk of being radicalised or exploited;
- has a family member in prison, or is affected by parental offending;
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse;
- is misusing drugs or alcohol themselves;
- has returned home to their family from care;
- is at risk of 'honour'-based abuse such as Female Genital Mutilation or Forced Marriage;
- is a privately fostered child; and
- is persistently absent from education, including persistent absences for part of the school day.

School staff members should be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect** as well as being aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

#### **Children with special educational needs and disabilities:**

Additional barriers can exist when recognising abuse and neglect in this group of children. This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration
- Assumptions that children with SEN and disabilities can be disproportionately impacted by things like bullying- without outwardly showing any signs

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

- Communication barriers and difficulties
- Reluctance to challenge carers, (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased
- A disabled child's understanding of abuse
- Lack of choice/ participation
- Isolation

### **Child-on-child abuse**

**All** staff should be aware that children can abuse other children and that it can happen both inside and outside of school and online. **All** staff should be clear as to the school's policy and procedures with regard to child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it.

**All** staff should understand that even if there are no reports in their school it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have **any** concerns regarding child-on-child abuse they should speak to their DSL (or DDSL).

It is essential that **all** staff understand the importance of challenging inappropriate behaviours between children, many of which are listed below, that are abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as "just banter", "just having a laugh", "part of growing up" or "boys being boys" can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.

Child-on-child abuse is most likely to include, but may not be limited to:

- Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm. (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- Sexual violence, such as rape, assault by penetration and sexual assault. (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse.
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- consensual and non-consensual sharing of nude and semi-nude images and/or videos<sup>11</sup>

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

(also known as sexting or youth produced sexual imagery)

- upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and
- initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).

In order to minimise the risk of child-on-child abuse the school:

- Provides a developmentally appropriate PSHE and Relationships curriculum which develops pupils' understanding of acceptable behaviour and keeping themselves safe. ([Growing up at Bernards Heath](#))
- Have systems in place for any student to raise concerns with staff, knowing that they will be listened to, believed and valued. (Helping hand as described in the Mission Statement earlier in this policy)
- Ensure victims, perpetrators and any other child affected by child on child abuse will be supported ([Behaviour Policy](#) and [Anti Bullying Policy](#))
- Develops robust risk assessments where appropriate

Where there is an allegation or concern that a child has abused others, Section 5.1.7 of the Hertfordshire Safeguarding Children Partnership Procedures Manual, 'Children Who Abuse Others': [http://hertsscb.proceduresonline.com/chapters/p\\_chil\\_abuse.html](http://hertsscb.proceduresonline.com/chapters/p_chil_abuse.html)

### **Child-on-child sexual violence and sexual harassment**

- When responding to concerns relating to child-on-child sexual violence or harassment, we will follow the guidance outlined in Part five of KCSIE 2022.
- We recognise that sexual violence and sexual abuse can happen anywhere, and all staff will maintain an attitude of 'it could happen here.' We recognise sexual violence and sexual harassment can occur between two children of any age and sex. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children and can occur online and face to face (both physically and verbally). Sexual violence and sexual harassment is never acceptable.
- All victims of sexual violence or sexual harassment will be reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment, or ever be made to feel ashamed for making a report.
- Abuse that occurs online or outside of the school will not be dismissed or downplayed and will be treated equally seriously and in line with relevant policies/procedures.
- We recognise that the law is in place to protect children and young people rather than criminalise them, and this will be explained in such a way to children that avoids alarming or distressing them.

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

- We recognise that an initial disclosure to a trusted adult may only be the first incident reported, rather than representative of a singular incident and that trauma can impact memory, so children may not be able to recall all details or timeline of abuse. All staff will be aware certain children may face additional barriers to telling someone, for example because of their vulnerability, disability, sex, ethnicity, and/or sexual orientation
- The DSL (or DDSL) is likely to have a complete safeguarding picture and will be the most appropriate person to advise on the initial response.
- The DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator, and any other children involved/impacted, in line with part five of KCSIE 2022 and HSCP procedures.
- The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children, and staff and any actions that are required to protect them.
- Reports will initially be managed internally by the school and where necessary will be referred to Children's Services and/or the police.

**Important considerations which may influence this decision include:**

- The wishes of the victim in terms of how they want to proceed
- The nature of the alleged incident(s), including whether a crime may have been committed and/or whether harmful sexual behaviour has been displayed
- The ages of the children involved
- The developmental stages of the children involved
- Any power imbalance between the children
- If the alleged incident is a one-off or a sustained pattern of abuse - sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of a sexual nature
- The knowledge that sexual violence and sexual harassment can take place within intimate personal relationships between children
- An understanding of intra familial harms and any necessary support for siblings following incidents
- Whether there are any ongoing risks to the victim, other children or school staff
- Any other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation

The school will in most instances engage with both the victim's and alleged perpetrator's parents/carers when there has been a report of sexual violence; this might not be necessary or proportionate in the case of sexual harassment and will depend on a case-by-case basis. The exception to this is if there is a reason to believe informing a parent/carer will put a child at additional risk. Any information shared with parents/carers will be in line with information sharing expectations and any data protection requirements, and where they are involved, will be subject to discussion with other agencies (for example Children's Services and/or the police) to ensure a consistent approach is taken.

## Serious violence

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime.

- Increased absence from school
- Change in friendships or relationships with older individuals or groups
- Significant decline in performance
- Signs of self-harm or significant change in wellbeing
- Signs of assault or unexplained injuries
- Unexplained gifts/new possessions

The **Schools Toolkit** explains the characteristics of young peoples' vulnerability to CSE and CCE on the HGFL; <https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/specific-safeguarding-issues/child-sexual-and-criminal-exploitation>

## Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

## Mental Health

**All** staff should be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by following the procedures in this policy and speaking to the schools DSL.

## Prevent: Safeguarding Children and Young People from Radicalisation

Children can be vulnerable to extreme ideologies and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from radicalisation must be part of all school and college safeguarding approaches.

All schools and colleges are subject to the Prevent Duty under Section 26 of the Counter Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions to have

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

“due regard to the need to prevent people from being drawn into terrorism.” Pg 133 KCSiE (DfE 2022).

There are signs and vulnerability factors that may indicate a child is susceptible to radicalisation or is in the process of being radicalised. It is possible to protect vulnerable people from extremist thinking and intervene to safeguard those at risk of radicalisation. Staff must be alert to changes in children’s behaviour, which could indicate that they may be in need of Prevent support. They must act proportionately to the concern using the Prevent ‘notice, check, share’ approach, which may lead to the DSL making a Prevent referral.

Local Hertfordshire County Council guidance on Prevent is featured at 5.3.9 of the Hertfordshire Safeguarding Children’s Partnership CP procedures [https://hertsscb.proceduresonline.com/chapters/p\\_prevent\\_guide.html](https://hertsscb.proceduresonline.com/chapters/p_prevent_guide.html). This document outlines the specific duties in Hertfordshire. This guidance also features advice on making a Prevent referral.

## **Domestic Abuse**

Domestic abuse can encompass a wide range of behaviours and may be a single incident or a pattern of incidents. Domestic abuse can be, but is not limited to, psychological, physical, sexual, financial or emotional. Children can be victims of domestic abuse. They may see, hear, or experience the effects of abuse at home and/or suffer domestic abuse in their own intimate relationships (teenage relationship abuse). All of which can have a detrimental and long-term impact on their health, well-being, development, and ability to learn.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. See Appendix 4 for information regarding Operation Encompass.

## **6. DEALING WITH A DISCLOSURE**

If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child’s age/stage of development that they cannot promise complete confidentiality – instead they must explain that they may need to pass information to other professionals to help keep the child or other children safe.

If a child discloses that he or she has been abused in some way, the member of staff/volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

- Reassure the child, but not make promises which might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child.
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions when necessary to clarify what is being said.
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the DSL without delay (if a DSL or Deputy is not available, staff must inform a senior member of staff or complete a child protection contact referral if this disclosure indicates that the child may be at risk of immediate harm and/or have been suffered significant harm to ensure reporting to Police and/or Children's Services where necessary is not delayed)

### **Third Party Disclosures**

It's everyone's responsibility to report concerns related to children and make referrals to Children Services and the Police if suspected that a child has been abused or is at risk of abuse.

Therefore, when safeguarding concerns are shared to the DSL in a school by a parent or member of the public, it is important to note that there is equal responsibility by the complainant to report the matter also directly rather than assume the responsibility is that of the school. If unsure of how to do this speak to the DSL / head teacher and they will advise accordingly.

### **Support**

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the DSL.

**If a school staff member receives a disclosure about potential harm caused by another staff member, they should see section 11 of this policy– *Allegations involving school staff/volunteers.***

## 7. RECORD KEEPING

All staff should be confident of the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purposes, including information, which is sensitive and personal, and should be treated as 'special category personal data'.

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the DSL.

- Record as soon as possible after the conversation. Using CPOMS or using a record of concern sheet. (pro-forma available on the staff room safeguarding children board)
- Ensure the date, time, place is recorded, and any noticeable non-verbal behaviour and the words used by the child
- Use the body map on the schools recording system or the proforma body map, to indicate the position of any injuries and a clear description of the injury
- Record statements and observations rather than interpretations or assumptions
- Do not destroy the original records in case they are needed by a court
- All records need to be given to the DSL promptly. No copies should be retained by the member of staff or volunteer

The DSL will ensure that all safeguarding records are managed in accordance with the Education (Pupil Information) (England) Regulations 2005.

Safeguarding records, The Herts Grid

<https://thegrid.org.uk/safeguarding-and-child-protection/child-protection/safeguarding-records>

## 8. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts

## 9. SCHOOL PROCEDURES

**Please see Appendix 3: KCSiE (DfE 2022) pg.23**

If any member of staff is concerned about a child, he or she must inform the DSL. The DSL will decide whether the concerns should be raised to Children's Services and if deemed to have met the threshold a Child Protection Contact Referral will be completed. If a Child Protection Contact Referral to Children's Services is made the DSL will discuss the referral with the parents, unless to do so would place the child at further risk of harm.

While it is the DSL's role to make Child Protection Contact Referrals, any staff member can make a Child Protection Contact Referral to Children's Services if a child is in immediate danger or is at risk of harm (e.g. concern that a family might have plans to carry out FGM, Forced Marriage etc). In these circumstances a Child Protection Contact Referral should be made to Children's Services and/or the Police immediately. Where Child Protection Contact Referrals are made by another member of staff, the DSL should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England) in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police via 101. **This is a mandatory reporting duty.** KCSiE (DfE 2022) pg. 152-153:

If allegations raised are against other children, the school should follow section 5.1.17 of the Hertfordshire Safeguarding Children Partnership Procedures Manual – Children Who Abuse Others. Please see the school's anti-bullying policy for more details on procedures to minimise the risk of child on child abuse.

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise and a factual account of any verbal disclosures and observations (record of concern pro-forma is available in the staff room)

Particular attention should be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a Child Protection Plan and a written record will be kept.

If a child who is/or has been the subject of a child protection plan changes school, the DSL will inform the social worker responsible for the case and transfer the appropriate records to the DSL at the receiving school, in a secure manner, and separate from the child's academic file.

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

The DSL is responsible for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

## 10. COMMUNICATION WITH PARENTS

Bernards Heath Infant and Nursery School will ensure the Child Protection Policy is available publicly via the school website.

Parents should be informed prior to a Child Protection Contact Referral being made, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed
- Leading to an unreasonable delay
- Leading to the risk of loss of evidential material

(The school may also consider not informing parent(s) where this would place a member of staff at risk).

The school will endeavour to ensure that parents understand the responsibilities placed on the school staff for safeguarding children.

Where reasonably possible the school holds more than one emergency contact number for each child. KCSiE (DfE 2022) pg. 28.

Further guidance around information sharing can be located within; **Information sharing Advice for practitioners providing safeguarding services to children, young people, parents and carers** (DfE, 2018);

<https://www.gov.uk/government/publications/safeguarding-practitioners-information-sharing-advice>

## 11. ALLEGATIONS OF ABUSE MADE AGAINST ADULTS WHO WORK WITH CHILDREN AND YOUNG PEOPLE

**An allegation is any information which indicates that a member of staff/volunteer may have:**

- Behaved in a way that has harmed a child or may have harmed a child
- Possibly committed a criminal offence against or related to a child
- Behaved towards a child or children in a way which indicates he or she would pose a risk of harm to children

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

- Behaved or may have behaved in a way that indicated they may not be suitable to work with children.

This relates to members of staff, supply staff, contractors and volunteers who are currently working at school regardless of whether school is where the alleged abuse took place. Allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.

**What staff should do if they have concerns about another member of staff/volunteer/contractor who may pose a risk of harm to children:**

- If staff have safeguarding concerns, or an allegation is made about another member of staff (including supply staff, contractors and volunteers) posing a risk of harm to children, this is to be referred to the headteacher.
- Where the headteacher is the subject of an allegation or safeguarding concerns, this to be referred to the chair of governors.

The Chair of Governors in this school is:

NAME: CONTACT NUMBER:

Penny Dent

In the absence of the Chair of Governors the Vice Chair should be contacted, in this school that is:

NAME: CONTACT NUMBER:

Gemma Cole

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. they should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Headteacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Headteacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer (LADO Threshold Guidance may be used to inform this

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

decision – found at

[https://hertsscb.proceduresonline.com/chapters/p\\_manage\\_alleg.html](https://hertsscb.proceduresonline.com/chapters/p_manage_alleg.html)

**Children’s Services – 0300 123 4043**

**SOOHS (Out of Hours Service-Children’s Services) – 0300 123 4043**

If the allegation meets any of the four criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation requires a child protection strategy meeting or joint evaluation meeting, this will take place in accordance with section 5.1.5 of the Hertfordshire Safeguarding Children Partnership Procedures Manual.

If it is decided it does not require a child protection strategy meeting or joint evaluation meeting, the LADO will provide the employer with advice and support on how the allegations should be managed.

The Headteacher should, as soon as possible, **following briefing** from the Local Authority Designated Officer inform the subject of the allegation.

### **Concerns that do not meet the ‘harm threshold’**

The school may also need to take action in response to ‘low-level’ concerns about staff. Additional information regarding low-level concerns is contained with our staff code of conduct – this includes what a low-level concern is, the importance of sharing them and the confidential procedure to follow when sharing them.

- The school has an open and transparent culture in which all concerns about all adults working in or on behalf of the school are dealt with promptly and appropriately; this enables us to identify inappropriate, problematic or concerning behaviour early, minimise the risk of abuse and ensure that adults working in or on behalf of the school are clear about and act within appropriate professional boundaries, and in accordance with our ethos and values.
- A ‘low-level’ concern does not mean that it is insignificant; a low-level concern is any concern that an adult working in or on behalf of the school may have acted in a way that is inconsistent with our staff code of conduct, including inappropriate conduct outside of work and does not meet the ‘harm threshold’ or is otherwise not serious enough to consider a referral to the LADO.
- Low-level concerns may arise in several ways and from a number of sources. For example, suspicion, complaints, or allegations made by a child, parent or other adult within or outside of the organisation, or as a result of vetting checks.

It is crucial that all low-level concerns are shared responsibly, recorded and dealt with appropriately to protect staff from becoming the subject of potential false low-level concerns or misunderstandings.

Low-level concerns should be shared confidentially in line with our code of conduct to

Name: Hannah Rimmer/ Lottie Woolfson

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022  
CSF0034

## Role Headteacher/ Deputy Headteacher

- The headteacher is the ultimate decision maker in respect of the response to all low-level concerns.
- Low-level concerns shared about supply staff and contractors will be shared with their employers so any potential patterns of inappropriate behaviour can be identified.
- If the school is in any doubt as to whether the information which has been shared about a member of staff as a low-level concern in fact meets the harm threshold, we will consult with the LADO.
- Low-level concerns will be recorded in writing and reviewed so potential patterns of concerning, problematic or inappropriate behaviour can be identified.
- Records will be kept confidential and will be held securely and retained and in compliance with the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR) and other relevant policies and procedures (for example data retention policies).
- Where a pattern is identified, the school will implement appropriate action, for example reviewing the LADO threshold and completing a referral if harm test met.

### **For further information see**

Hertfordshire Safeguarding Children Partnership Procedures Manual Section 5.1.5  
Managing Allegations against Adults who work with Children and Young People

Where a staff member feels unable to raise an issue with their employer/through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 0300 123 4043
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: [help@nspcc.org.uk](mailto:help@nspcc.org.uk)

### **What school or college staff should do if they have concerns about safeguarding practices within the school or college?**

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or education setting's safeguarding arrangements.
- Appropriate whistleblowing procedures, which are suitably reflected in staff training and the staff code of conduct, are in place for such concerns to be raised with the school's senior leadership team.

### **Safer working practice**

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the school code of conduct and Safer Recruitment Consortium document ***Guidance for safer working practice for those working with children and young people in education settings (February 2022)***

This policy has been adapted from the Model Child Protection Policy for Schools Sept 2021 and includes updates Aug 2022

CSF0034

<https://www.saferrecruitmentconsortium.org/>

The document seeks to ensure that the responsibilities of school leaders towards children and staff are discharged by raising awareness of illegal, unsafe, unprofessional and unwise behaviour. This includes guidelines for staff on positive behaviour management in line with the ban on corporal punishment (School Standards and Framework Act 1998). Please see the school's behaviour policy for more information.

**HSCP escalation and complaints procedure link**

## APPENDIX 1: KCSiE (DfE 2022)

### Part One OR Annex A: Information for all school and college staff

#### Annex B: Further information

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to provide the hyperlink only to KCSiE rather than the document in its entirety, due to the potential for updates to the content.

**All** staff that have direct working with children should have access and have read Part One OR Annex A and Annex B (which provides further information specific forms of abuse and safeguarding issues) of this statutory guidance. Those staff who do not work directly with children should read **either Part one or Annex A** (a condensed version of Part one) of this guidance. This is entirely a matter for the school and will be based on their assessment of which guidance will be most effective for their staff to safeguard and promote the welfare of children. All Staff should also have the opportunity to seek clarity from designated staff for any content.

This is to assist staff to understand their role and discharge their responsibilities as set out in this guidance.

Staff are asked to sign to say they have read these sections (please see Appendix 2 below) and should subsequently be re-directed to these documents again should any changes occur.

#### **Link to KCSiE (DfE, 2022):**

#### **Annex F KCSiE (DfE 2022): Substantive changes from September 2022:**

APPENDIX 2:

DECLARATION FOR STAFF  
Child Protection Policy and KCSiE DfE 2022

Bernards Heath Infant and Nursery School 2022/2023

Please sign and return to Hannah Rimmer by 30<sup>th</sup> September 2022

I, \_\_\_\_\_ have read and am familiar with the contents of the following documents and understand my role and responsibilities as set out in these document(s)

- (1) The School's Child Protection Policy
- (2) Part One of '**Keeping Children Safe in Education**' DfE Guidance, 2022 (by following the hyperlink on page 32 of this Child Protection Policy.
- (3) Staff Code of Conduct
- (4) Whistleblowing Policy
- (5) Health and Safety Policy

I am aware that the DSLs/DDSLs are:

Hannah Rimmer  
Lottie Woolfson  
Isabel Parfitt  
Antonia Onyeze

I know I am able to discuss any concerns that I may have with them.

I know that further guidance, together with copies of the policies mentioned above, are available on the X Drive of the school network, The Herts Grid for Learning and the School's website.

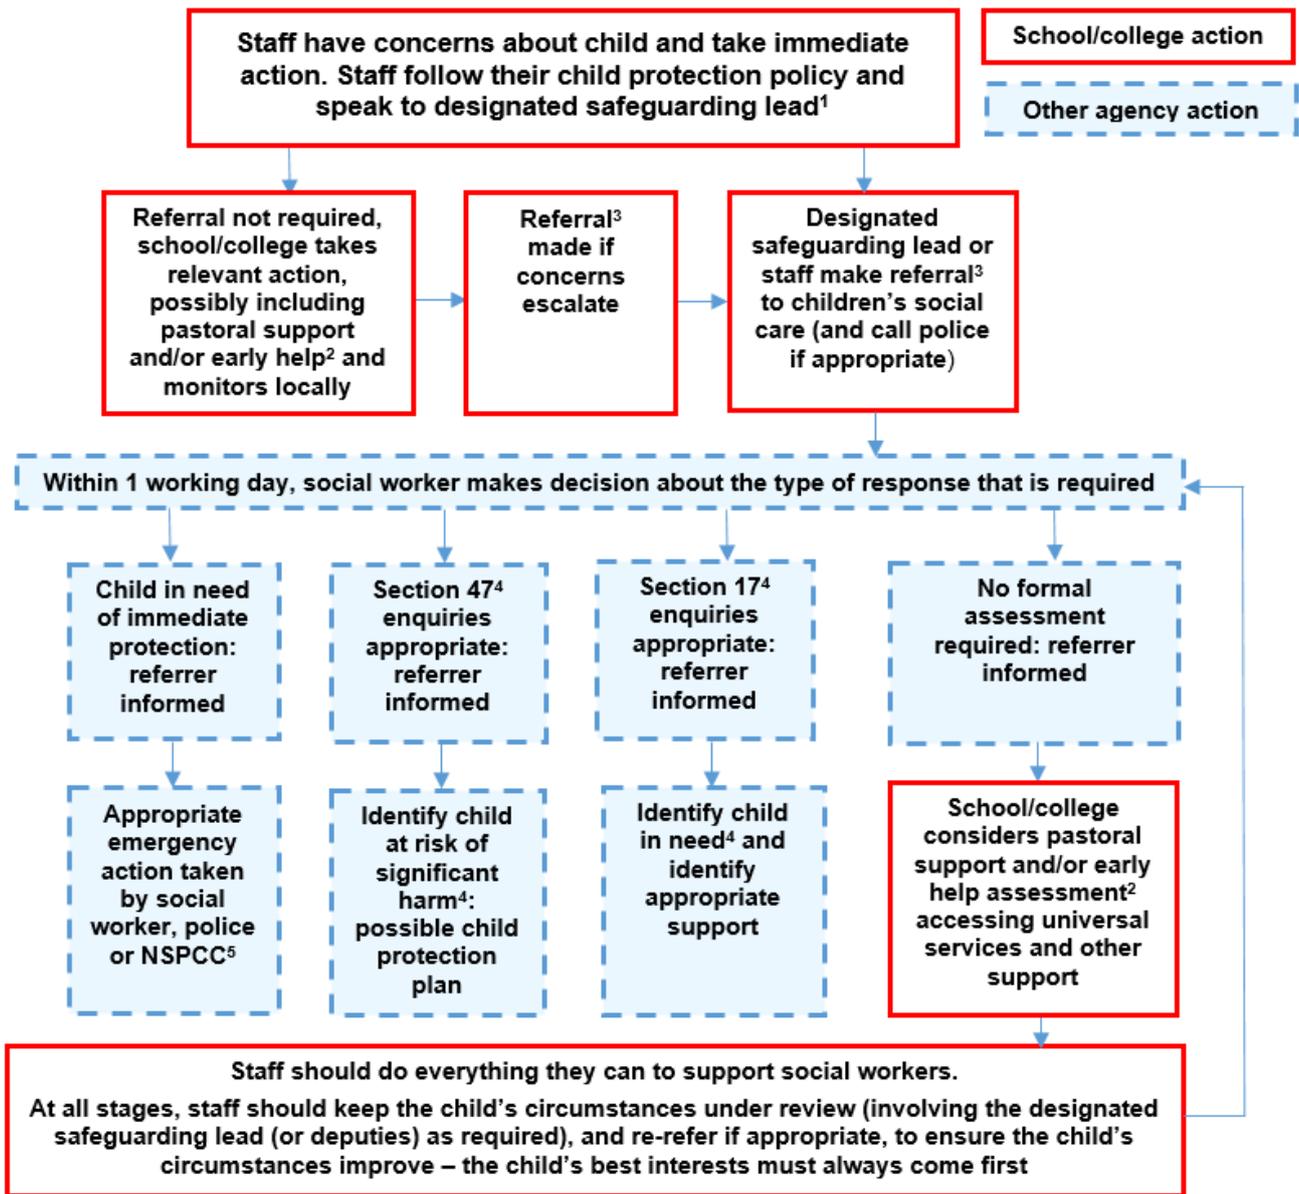

Signed \_\_\_\_\_

Date \_\_\_\_\_

**APPENDIX 3:**

**ACTIONS WHERE THERE ARE CONCERNS ABOUT A CHILD**

**Flowchart**

**The National Police Chiefs' Council- *When to call the police* guidance**

This advice covers incidents on school premises where children have potentially committed a crime. It provides guidance on what schools should bear in mind when considering contacting the police. This advice covers the following situations:

- Assault
- Criminal damage
- Cyber crime
- Drugs
- Harassment
- Sexual offences
- Theft
- Weapons

This advice aims to support schools to make defensible decisions when considering whether to involve the police. Further guidance can be found at;

<https://www.npcc.police.uk/documents/Children%20and%20Young%20people/When%20to%20call%20the%20police%20guidance%20for%20schools%20and%20colleges.pdf>

## APPENDIX 4:

### OPERATION ENCOMPASS – Information sharing from Police regarding Domestic Abuse notifications (2<sup>nd</sup> December 2019)

#### Operation Encompass Safeguarding Statement:

- Our school is part of Operation Encompass. This is a police and education early intervention safeguarding partnership which supports children and young people who experience Domestic Abuse.
- Operation Encompass means that the police will share information about Domestic Abuse incidents with our school PRIOR to the start of the next school day when they have been called to a domestic incident.
- Our parents are fully aware that we are an Operation Encompass school.
- The Operation Encompass information is stored in line with all other confidential safeguarding and child protection information on CPOMS.
- School staff and Governors are aware of Operation Encompass, the prevalence of Domestic Abuse and the impact of this abuse on children. We have also discussed how we can support our children following the Operation Encompass notification.
- We are aware that we must do nothing that puts the child/ren or the non-abusing adult at risk.
- The Safeguarding Governor will report on Operation Encompass in the annual report to Governors. All information is anonymised for these reports.
- An Operation Encompass Toolkit can be accessed to ensure that all appropriate actions have been taken by the school.

## **Children missing from education in accordance with setting attendance policy**

All children, regardless of their circumstances, are entitled to an efficient, full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Children missing education are children of compulsory school age who are not registered pupils at a school and are not receiving suitable education otherwise than at a school. Children missing education are at significant risk of underachieving, being victims of harm, child sexual exploitation or radicalisation, and becoming NEET (not in education, employment or training) later in life.

Department for Education guidance makes it clear that in carrying out this duty, local authorities must have in place arrangements for joint working and information sharing with other local authorities and partner agencies. It also states that all agencies which come into contact with children must cooperate with the local authority's arrangements for identifying children thought to be missing from education.

Separate guidance is available for schools on Herts Grid for Learning; about the legitimate removal of pupils from a school roll. A child legitimately removed from roll is not in most cases missing from education and all schools, including academies and independent schools are legally required to notify the local authority when they remove/plan to remove a child from their roll.

### **APPENDIX 5:**

#### **Ofsted school Inspection Handbook September 2021**

This handbook is primarily a guide for inspectors on how to carry out school inspections. However, it is made available to schools and other organisations to ensure that they are informed about the processes and procedures of inspection. It seeks to balance the need for consistency in inspections with the flexibility required to respond to the individual circumstances of each school.

On publication of this Child Protection Policy, September 2022, the CPSLO Service has decided to provide the hyperlink only to the Ofsted School Inspection Handbook rather than the document in its entirety, due to the potential for updates to the content.
